We recommend pressing fabrics with light starch or sizing before cutting. This will help to reduce the bias stretch when sewing the half square triangle units.

*= Sew together via short ends using a straight seam, then go to assembly instructions.

Finishing:

Backing and batting should be 8" larger than finished quilt top. Layer your backing, batting and quilt top, then quilt as desired. Bind with 4-1/4" binding strips using a 1/2" seam allowance when you sew the binding to the quilt utilizing your preferred method ... and enjoy!
