2. Fuse the cut templates onto the wrong side of fabrics as indicated for **Fabrics C-L**. After fusing the template to the wrong side of fabric, cut out the orange peel on the drawn line for the correct size template. *(The pattern is designed for raw edges applique.)*

PIECING INSTRUCTIONS

1. Create QST Units by sewing (2) **Fabric A** $13 \frac{1}{4}$ " QST and (2) **Fabric B** $13 \frac{1}{4}$ " QST together as shown in the diagram. Press seams toward **Fabric B**.
2. Repeat to create (25) QST units. QST units should measure $12 \frac{1}{2}$ " x $12 \frac{1}{2}$ " unfinished.

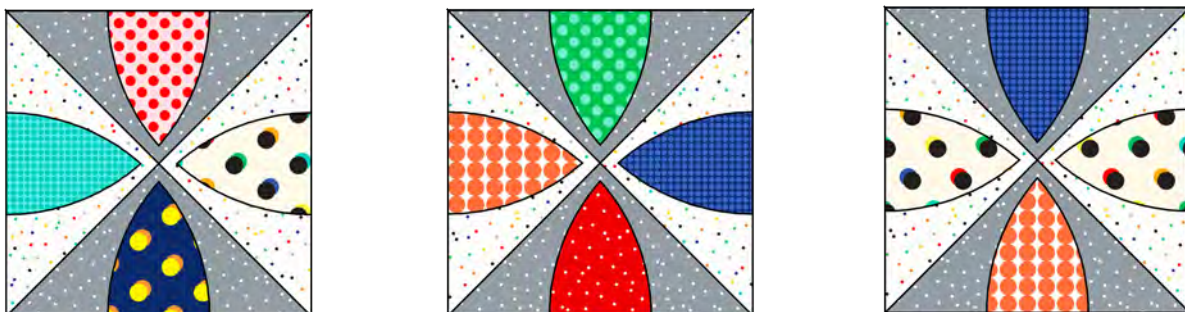

3. Remove the paper from the glue side of each Orange Peel made with **Fabrics C - L**.
4. Fuse and applique (1) Orange Peel Template onto each **Fabric A/Fabric B** quadrant of the QST unit using the decorative stitch and thread color of your choice. Orange Peels should be fused so that the raw edge of the Orange Peel is aligned with the edge of the QST unit, therefore being sewn into the $\frac{1}{4}$ " seam. Randomly place the Orange Peels from **Fabrics C-L** for a scrappy look.

5. Repeat on all QST units to complete (25) blocks. Blocks should measure $12 \frac{1}{2}$ " x $12 \frac{1}{2}$ " unfinished.
